- NB:
- Students will only be awarded a UG Masters qualification if they've taken at least 120 credits of M-level modules during their entire programme of study.
  - All modules are optional. However, students must choose one of GPIC or PRAM (each worth 40 credits) and then choose 80 credits of options (up to 60 cr per semester).
  - PRAM 80% Logbook assessment includes various interim milestones (15% Intro/Lit Review/Motivation/Objectives/Research Questions, 25% Methodology and Implementation, 30% Results/Discussion/Conclusion & 10% Reflection - see the Teaching Portal) plus 20% Presentation.
  - All students should ensure they've 120 module credits of CYB content upon Graduation (this includes SVS23 in Year 2 & PRXB in Year 3).
  - Cyber students should ensure they've 120 module credits of CYB content upon Graduation (this includes SVS23 in Year 2 & PRXB in Year 3).
  - EHAC (only available to MEng Cyber students), 30% closed lab consists of 2 hours group task and 1 hour individual task.
  - Note HPCM-M has various interim milestones, see the Teaching Portal and VLE site for more info.

- NB:
- Students will only be awarded a UG Masters qualification if they've taken at least 120 credits of M-level modules during their entire programme of study.
  - All modules are optional. However, students can choose one of PRAM, PRIN or Maths Indiv Project. Plus 80 further credits of options (up to 60 cr per semester).
  - PRAM 80% Logbook assessment includes various interim milestones (15% Intro/Lit Review/Motivation/Objectives/Research Questions, 25% Methodology and Implementation, 30% Results/Discussion/Conclusion & 10% Reflection - see the Teaching Portal) plus 20% Presentation.
  - For coursework and assessments students should check the latest info held by the Maths department.
